Giant Pumpkin!

Liebherr LRI 600 660 Ton Crawler

Mountain Crane Service is excited to feature our 2011 Liebherr LR1600 660 Ton Crawler Crane in this month's newsletter. This crane has been busy setting wind turbines since its purchase earlier this year. It is currently on a wind farm in Breckenridge, Michigan setting GE 1.6 MW turbines on 100m towers.

This crane has been in high demand. If you have a project that may require a crane of this size in 2012, we encourage you to contact us. We'd love to work with you.

The product guide is available on our website http://www.mountaincrane.com/pdfs/LiebherrLR1600_ProductGuide.pdf

Golf Winner

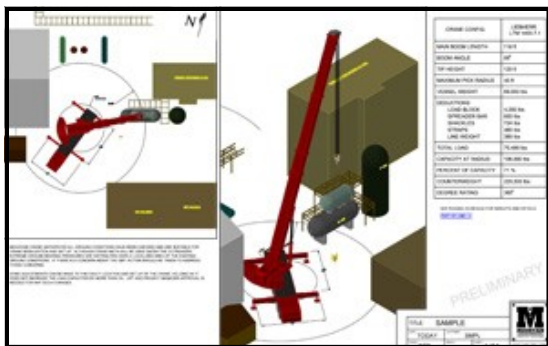

The winner of this month's Red Ledges Golf Giveaway is...

Dave Ridge with Kennecott!

Don't forget to enter our next giveaway. More details on the following page.

Engineering Services

Mountain Crane Service takes pride in providing a quality product. As a part of our crane service package, we provide lift plans customized to your project's needs. Our team of engineers and estimators will come walk through your project site, prepare AutoCAD drawings, and provide recommendations for crane pad preparation.

With such a diverse crane fleet, our engineers review the best crane selection for your project location, site conditions, and duration. We will do everything we can to help you bid your project competitively.

Sample project drawings are now available on our website <http://www.mountaincrane.com/engineering.html>

If you would like to schedule a walkthrough for your upcoming project, please contact our office at (801) 282-3330.

Frequently Asked Questions

What's your biggest crane? Liebherr LR1600 660T Crawler or Liebherr LTM1400 500T All Terrain

Would you be willing to travel to my project location? We are willing to bid at any project location. We typically have cranes working in multiple states and may have a crane closer than you think. We also have the ability to haul our own equipment to help reduce freight costs whenever possible.

Are your riggers certified? Yes, our employees have all received the necessary training and certification to be compliant with the most recent OSHA guidelines.

Are you registered with the Central Contractor Registry (CCR)? Yes, we are set up to work on government projects.

If you have any questions you would like answered regarding our company and services, please e-mail them to info@mountaincrane.com

Employee Spotlight

Lorri Cerva started at Mountain Crane in June in the Engineering department, and discovered that cranes are freaking amazing! She spends her days detailing lift plans and working closely with our Engineers and Estimators to meet customer deadlines.

Lorri grew up in Wisconsin, loves spending time with her nieces and nephews, hanging out with friends, and rooting for the Green Bay Packers (Go Pack Go!).

In her free time she enjoys interior design, performing (singing/acting), playing in the outdoors (sun or snow), and is hoping to become quite the markswomen if she ever gets an invite to the gun club.

Football Winner

Congratulations to **Gordon Willis** with Adams and Smith for winning tickets to the Utah vs. UCLA football game!

Utah's Largest Crane Fleet

Load charts for each of our cranes are available online at www.mountaincrane.com/fleet.

Mountain Crane Service provides a variety of services across the Intermountain West including plant shutdowns, steel, pre-cast panels, heating and cooling units, transformers, pools and hot tubs, demolition, windmills, and bridge girders, to name a few.

Heavy Haul service is also available.

Mountain Crane Service employees receive continual training through Operating Engineers Local 3 and have their CCO Certification.

Check out our website at www.mountaincrane.com for more information.

Giveaway: Giant Pumpkin

Mountain Crane participates in the annual White Construction pumpkin shoot. Last year, we donated an oversized pumpkin as one of the targets. This pumpkin (seen on the right) was transported all the way from New York! The seeds from that pumpkin were collected and planted by some of our employees in an attempt to grow our own giant pumpkins for personal use.

Mountain Crane would like to give one lucky newsletter recipient a pumpkin weighing over 500 lbs. as this month's giveaway. The pumpkin will be delivered to a location of the winner's choice, just in time for Halloween.

Whether you want it for yourself, kids, or grandkids, this is a pretty good opportunity to celebrate Halloween in style!
