Enter to Win

Congratulations to Frank McDonough of R&O Construction! He was November's lucky winner.

[Enter to win](#) 4 Front Row tickets to an upcoming Jazz game.

Includes free parking and VIP dinner before the game.

Season's Greetings!

We want to thank all of you for helping to make 2009 a great year for Mountain Crane. It has been an interesting and exciting year in the industry.

We are excited to be moving forward with you and all of our dedicated employees as we approach a new year with many new projects.

We value all of you as friends, co-workers, customers, vendors, and associates. We look forward to many great ventures in 2010!

May 2010 bring you all health, happiness, and new business!

From all of us at Mountain Crane Service,

Seasons Greetings!

Boom Truck Services Available

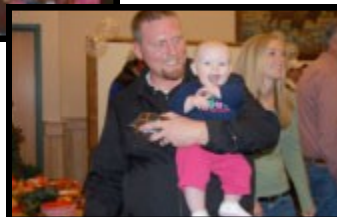

Mountain Crane Service offers boom trucks up to 40 ton capacity. The National 1800 model has up to 142 ft. of boom and 176 ft. maximum tip height.

If you are in need of a boom truck, or would like more information, please contact Mountain Crane at (801) 282-3330.

This equipment is available for hourly or bare rental.

Mountain Crane Christmas Party

Mountain Crane Service hosted its annual employee Christmas party at Cabela's in Lehi. We missed the few employees that were otherwise occupied and enjoyed the company of all who were there.

Mountain Crane raffled off some prizes and then let everyone loose to enjoy the target shooting and their new gift cards.

We enjoy every opportunity we have to get the whole Mountain Crane team together and look forward to another great year.

Leadership Training

The management team of Mountain Crane Service went through a leadership training course put on by Big Shot Ranch and Corporate Alliance.

The event started off with breakfast and a get-to-know-you quiz. Employees were asked to share little known facts about themselves and were then asked about other employees in the form of multiple choice.

Employees also went through rotations where they were put onto randomly selected teams and given missions to complete.

Later that afternoon, a former SWAT team leader instructed the management team on the value of communication and team work.

This was an excellent experience for everyone involved.

New Kentucky Location

We are proud to announce our newest location in Owensboro, KY. As we continue to grow, we want to offer the best service to all of our customers nationwide and look forward to doing so.

From renewable energy projects to commercial construction and refinery work, we can provide any crane for any job.

For sales information, contact Brad Phelan.
